

Thematic & Sub-Thematic Areas and highlights of research activities

Thematic Areas	Sub-Thematic Areas
Prevalence, incidence & determinants of prioritized NTDs	Prevalence and determinants of Soil Transmitted Helminthes & Schistosomiasis
	Prevalence and determinants of Trachoma
	Prevalence and determinants of Scabies
	Prevalence & determinants of leishmaniasis
	Prevalence of & determinants of Onchocerciasis
	Prevalence and determinants of Lymphatic Filariasis
	Prevalence & determinants of Podoconiosis
Assessing implementation status & improving NTDs programs/strategies	Assessing implementation status of mass drug administration
	Assessing implementation of vector control
	Assessing water, sanitation & hygiene factors
Improving case detection & management strategies	Assessing case detection & management of NTDs barriers
Assessing vector and reservoir control strategies	Assessing effectiveness of vector and reservoir control strategies
Transmission assessment survey	Transmission assessment survey for NTDs in the thematic area
Program Impact and mapping	Evaluation of NTDs control programs
